

Crime Statistics for St. Mary's Island - to July 2013

Notes on the following Crime Statistics

The categories are determined nationally, so some items are not currently applicable to Saint Mary's Island

Criminal damage and Arson	There have been no reports of arson.
Violent crime	All reports of violent crime pertain to domestic violence and are generally assaults. No incidents of GBH, ABH or muggings.
Vehicle crime	Most of the incidents were from unlocked vehicles. There were a few incidents where side windows were smashed to gain access to the vehicle. Of the incidents in 2012/13, all the perpetrators were caught and almost all of the items stolen were recovered.
Burglary	Apart from one incidence of theft of some bottles of beer from a garage, the others are theft from student residences by other students
Other theft	This refers to theft of property left unsecured outside residence
Other Crime	relates to crime such as possession of drugs e.g. cannabis

It should be noted that some incidents are recorded as more than one, e.g. person found thieving from car also found in possession of cannabis is recorded as 1 x Vehicle Crime + 1 x Other Crime

This document is in two parts: **Crime statistics by date**
and **Crime by number of incidents per road (by date) since December 2010**

It was noted that the police and other agencies were working hard to make domestic violence easier to report.

Should women not want to report an incident to the police, Medway Council on 3333 would be able to put them in touch with relevant help.

Alternatively help can be sought from Womens Aid (Freephone 0808 2000 247) and the Samaritans (Telephone: 08457 90 90 90) amongst others.
